Mayfield Head Mrs. P. Molnar: Big Sister is Watching You!

WHITE PARENTS who have daughters attending Mayfield School, Wandsworth, South London, have complained to *NF News* that pupils at the all-girls school are being trained to become Left-Wing political informers.

Fearing reprisals against their girls either from the staff or from the school's Black pupils, the parents have pledged us to protect their identities.

However, they have given us copies of an appalling document entitled *Mayfield School Anti-Racist Policy* which has recently been circulated to all pupils, teaching staff and ancillary workers at the school.

"THOUGHT POLICE"

This reveals that the school is in process of setting up an elaborate internal spy system reminiscent of the "Thought Police" in George Orwell's prophetic book *1984*.

All the school's pupils, teachers, clerical staff and caretakers have been required to sign a copy of the document.

Everybody at the school has been issued with copies of a "Racist Incident Sheet", part of which we reproduce.

"JOKES" A CRIME!

Three of the eight types of conduct specified on the spy report form – "Graffiti", "Threats" and "Violence" – are proper subjects for disciplinary action. No school should tolerate vandalism or bullying.

But who but paranoid multi-racialist cranks could possibly designate "Name Calling", "Jokes" and "Exclusion" (i.e. choosing friends) as high crimes among schoolchildren?

One must presume that the offence of "Encouraging others in racist behaviour" could well amount to laughing appreciatively on hearing playground jokes such as:

"How do West Indian mums keep their toddlers under control when they're in the supermarket? They wet their lips and stick them on the windows!"

Mayfield girls: Be my best friend or I'll report you!

As to what heinous crimes could be embraced by the final category of "Other" – the mind boggles!

School playgrounds have always been rough-and-tumble places. School playground culture has always been a mixture of cruelty and kindness.

Learning to survive and build friendships in them is an invaluable part of the growing-up process.

Only loony Lefties could think it right to drag their sour political manias into the playground and class-room and institutionalise a system of tale-bearing to enforce compliance with them.

The Mayfield document makes a token attempt to portray its anti-racist policy as being even-handed, but the parents who have spoken to us are certain that White children are the primary targets.

They believe that the Marxists who dominate the Inner London Education Authority and the school staff who have implemented the ILEA's "anti-racist initiative" are really only interested in eradicating *White* racialism.

As one mother put it:

"Blacks and Asians can be, and are, just as racist as us – but as aliens in our country they have a vested interest in giving support to multi-racialism.

"Most ordinary White people feel that the multi-racial society has been forced on them. We resent it and, deep down, we resent the Immigrants too.

"That is why these Leftists try to brainwash and intimidate our kids!"

Another mother gave an example of how the school's policy creates anxiety:

"My husband and I have agreed to allow our daughter to have a party at home for her fifteenth birthday. When the Black girls at the school realise that only White girls among her class-mates have been invited, will she be reported for 'exclusion'?

"If she invited Black girls they would want to bring their Black boyfriends – and before you know it we'd have a 'Blues Party' going on in our home!"

In addition to the spy report form the Mayfield document also includes an "Action Taken" form which must be completed and filed by the school's "Multi-Cultural Co-ordinator".

HARASSMENT

The process of harassment to be followed is as follows:

> "*1. The people involved in the racist behaviour* (note the absence of the word "alleged") *should be asked to discuss the incident.*
>
> *2. This interview may be followed by an official warning.*
>
> *3. A pupil who persists in this behaviour may then be seen with her parents to discuss the incidents.*
>
> *4. Pupils who continue to act in an unacceptable way may be suspended.*
>
> ***5. Incidents of a more serious nature may be referred to the school governors, who have the power to expel pupils.***"

The Marxist boss of the ILEA, Frances Morrell, has just announced that places on school boards of governors will be **reserved** for non-elected Blacks. God help Whites who appear before Mrs. Morrell's appointees!

The only way White parents can rescue their children from the Marxist multi-racial nightmare is to VOTE NATIONAL FRONT!

HAVERS—YOU'RE A BLOODY DISGRACE!

SIR MICHAEL HAVERS, Q.C., M.P., the Attorney-General, disgraced his office by attending a 'Blues Party' thrown by the police-hating barrister and Black Power agitator Rudy Narayan.

In between swigging drinks and jigging to a West Indian steel band, Havers burbled an amazing eulogy of praise for Narayan. He said:

"I congratulate Rudy Narayan on being one of the outstanding members of the English Bar!"

News of the party – and Havers' performance at it – was hushed-up by the national news media, but gloated over in the 'ethnic minority' press.

It was held in late July to celebrate the opening of Narayan's new law chambers in Chancery Lane, London.

Havers attended the celebration and fawned over Narayan as part of the Tory government's strategy of grovelling to and bribing the Immigrant community in the hope of calming racial unrest.

What of Narayan's career at the English Bar (to say nothing of his antics in the bars of public houses)?

Attorney-General Sir Michael Havers hob-nobbing with Black Power agitator Rudy Narayan.

He was one of the team of Black barristers who defended the Black gang who hacked to death White cripple Terry May in Thornton Heath in 1981.

Their disruptive tactics in the Magistrates Court hearing turned the proceedings into a shambles and the committal had to be referred to the High Court.

They achieved a Black majority jury at the Old Bailey trial by systematically objecting to White jurymen. Eventually none of the accused was convicted of the murder.

During the trial Narayan issued a press statement accusing Havers of "being in the pocket of the National Front".

Bar Council disciplinary charges were preferred against him for this after the trial – but he pleaded "racial persecution" and got off.

Earlier this year he was arrested

We have not forgotten about Albert Mariner

AS A RESULT of agitations by the Albert Mariner Public Inquiry Campaign, the Metropolitan Police were instructed by the Director of Public Prosecutions to conduct an investigation into the riot outside an NF election meeting in Tottenham on 3rd May last which led to NF member Albert Mariner being injured and dying the next day of a heart attack.

Members of the AMPIC committee co-operated with the officers conducting the inquiry and suspended further agitations as an act of good faith in the belief that the police were conducting a serious investigation.

Facts are now emerging which indicate that the police investigation may not be serious but simply a ploy to put as much time as possible between Albert's death and an announcement that the authorities are not going to do a thing about it, so that any anger which his friends feel will be abated.

If this is the tactic of the authorities, then they have made a serious misjudgement concerning the depth of feeling among Albert's friends about the circumstances of his injury and subsequent death.

The AMPIC committee will seek during November a 'showdown' meeting with the police at Scotland Yard. If that meeting is not satisfactory, and if prosecutions of those responsible for the Tottenham riot are not instigated by the first week of January next year, then the full facts will be reported to all of Albert's friends.

It will then be up to them, on an *ad hoc* basis, to decide if they wish to engage in novel forms of activity designed to focus public attention on a corrupt dereliction of duty on the part of the authorities.

NF News seeks to persuade its readers to feel angry about the evils of multi-racialism and to direct their anger solely at the corrupt politicians who created a racial problem in Britain, and not to the Immigrant people in general. "Racialism" is NOT unlawful — only "racial hatred".

KINNOCK AND HATTERSLEY UNITE ON A 'BLACKS FIRST' POLICY

Neil Kinnock

Roy Hattersley

ARCH OPPORTUNIST Neil Kinnock has carried out one of the fastest about-turns in British politics to land himself the leadership of the Labour Party.

Once a man of the hard left and a leader of the Anti-Nazi League, he smelled the scent of power and transformed himself into the genial, smiling, moderate darling of the media.

In his quest for power he has dropped Labour's "promise" of withdrawal from the EEC and has attempted to counter the phoney 'patriotism' of Margaret Thatcher by appealing for support for his own brand of phoney 'patriotism'.

He has united with Labour 'wet' Roy Hattersley in his call for an "offensive against racial inequality".

BRADFORD VISIT

On 23rd September, during his campaign for the Labour leadership Kinnock visited Bradford Community Relations Council where he promised that a future Labour government would appoint a senior minister to make sure that, especially in employment, Blacks were put first.

He also warned of the danger of not giving jobs to Blacks in preference to Whites:

"The most immediate result of that may be anger and alienation, especially among young black people."

RIOT THREAT

In other words — they will riot.

Having read the favourable press report of his then rival's speeches Roy Hattersley, the Labour Party's answer to Willie Whitelaw, was determined not to be outdone.

In a speech to the British Association he made an impassioned plea for "the creation of a more equal society" by a "massive shift of resources into the areas of greatest need".

He identified these areas of greatest need by speaking of the "resentment and consequent rebellion of the ethnic minorities" as "the most dramatic example of why it is in nobody's interest for us to remain a profoundly divided nation".

He also gave clear notice of yet a further draconian tightening up of the Race Relations Act when he spoke of the need to extend "the legal constraints on individual conduct" to remove the "inequality between the races".

NO HOPE FOR WHITES

The combination of Neil Kinnock as leader and Roy Hattersley as deputy leader of the Labour Party may well revive Labour's chances of hanging on for a few more years as a media-supported political party, but they offer no hope to the White people of this country.

Kinnock is a political opportunist eager to promote any policy favoured by the real power barons in this country.

Roy Hattersley is so shallow that he decides on his attitude to political developments according to the editorials of the previous day's newspapers.

The Labour Party — founded as the party of the working people of Britain — is now just the mouthpiece of internationalism and the tool of the media.

Enoch hits Tory 'sycophancy' to the U.S.

THE following are extracts from a speech made in Bridgewater during September by Enoch Powell.

"You have read in the newspapers that there is a multinational force in the Lebanon, called a "peace-keeping force", which includes a British detachment of nearly 100 men.

The British force is stationed in Beirut in pursuance of an exchange of letters last January between our Government and the Lebanese Government.

Command authority is exercised over it exclusively by the British Government through *"existing diplomatic and military channels"* — a curious phrase you may think.

"ASSURANCES"

More curious still, it is a condition of the presence of the British troops that the government of the Lebanon and the Lebanese armed forces shall take *"all measures necessary to ensure the protection of the British force's personnel, including securing assurances for all armed elements not now under the authority of the Lebanese Government, that they will refrain from hostilities."*

You may regard that as having been obviously drafted with the object of making the cats laugh!

When the first British soldier in the force is killed, or when the first non-British life is taken by British forces, we shall no doubt ask what the blood was shed for. The answer will be: to assist the Lebanese Government to control Beirut.

Somebody is then going to have to show what moral or other justification exists for British lives to be lost or for British soldiers to take other lives in that cause, in pursuance of an agreement we have made with the Lebanese Governmnt.

I will not shirk from answering that question, and will say that in my opinion there is no justification. It does not matter to the United Kingdom and its people who is in Beirut or who governs Beirut — the matter is one of the utmost indifference for the United Kingdom.

How came we to find ourselves in so absurd and unjustifiable a predicament? The answer is the same as to my earlier question: in order to dance, and to be seen to be dancing, to the American tune.

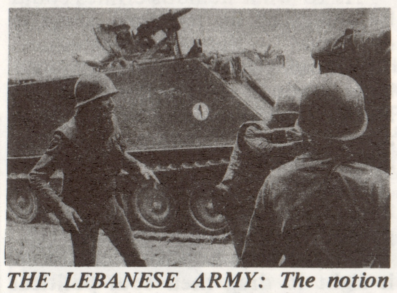
Successive British governments down the last 30 years have Finlandised the United Kingdom in relation to the USA without justification either of national interest or of *force majeure.*

The result has been to associate us with, and subordinate us to, the huge miscalculations which dominate American policy and which have led that country from one failure to another.

Suppose, people say, the United States were to wash its hands of Beirut and the Lebanon, even granted it has no business to be there at all. Would not the Russians walk in the next day?

The answer is, No. It is not the Americans that keep the Russians out of Beirut — common sense would keep them out. A pair of boots with snow on them is as rare a sight today in Teheran or Aden as it was before the CIA or the British Army quit.

But surely, it is objected, if we do not do what the Americans tell us — if Britain does not ditto their words and sayings like a court sycophant — surely they will refuse to defend these islands?



THE LEBANESE ARMY: The notion that this rabble are capable of protecting themselves, let alone British personnel in Beirut, is enough "to make the cats laugh"!

Rest assured, the reply runs, if the United States believes its own interests calls for the defence of the British Isles, the difficulty will be to keep them out and not to get them in. But if it doesn't, no quantity of sycophancy will make the difference.

SELF-RESPECT

It is reason, not pride, that counsels a radical revision of British foreign policy — though self-respect is after all no bad guide to a nation in its dealings with the outside world.

The central forum for reasoning about these things is Parliament.

Those of us who are neither bound to the conventionality of office-holders and office-seekers, nor on the other hand absorbed and distracted by the recriminatory strife of defeated aspirants to power, have a responsibility to secure, within our limited means, that British statecraft is genuinely and searchingly debated and dissected in Parliament.

If the opportunities in Parliament are withheld or prove inadequate, then we must seek a forum among the people."

THATCHER'S FRIENDS

WHEN Tony Benn stated recently: *"Mrs. Thatcher has been running the economy excellently — for her friends"* he was speaking the plain truth. A report published by the trade union funded Labour Research Department last month revealed:

- Seven UK directors receive salaries of £250,000 or more a year.
- 28 directors receive more than £125,000 a year.
- Taxation changes in 1979 resulted in the 28 £125,000 a year directors retaining a combined total of £1,000,000 which they would otherwise have had to pay in tax.
- The highest-paid director, Mr. Richard Giordano of British Oxygen, gets £579,000 a year.
- The biggest percentage increase paid to a director in 1982 went to Mr. Robert Wilmot of ICL. His £76,000 salary was **doubled**. (The ICL workforce received a 9% rise.)
- The greatest dividend benefit in 1982 — £4.7 million — was paid to Mr. David Sainsbury on top of his Sainsbury's director's pay of £55,000. Timothy and John Sainsbury received dividends of £1.6 and £1.5 million. (The average Sainsbury employee earns £5,060 a year.)

One does not have to be a 'Bennite' to see that this situation is unjust.

RED RAGS AND COWS AT PALESTINIAN DEMO

A small group of National Front members decided to support a Palestinian demonstration in London called to mark the anniversary of the Beirut massacres. The demo was dominated by Red banners and, more to the point, self-appointed Red 'stewards' — some of whom were Jews. This is one NF member's account of a demo failing to impress the British public.

IT WAS a decidedly mixed grill, much of it underdone — that is to say Red. The Sabra and Shatila March and Rally organised by the PLO on 17th September would have roused a herd of bulls to the utmost fury — so many Red rags were fluttering.

Fortunately, bulls were replaced by a cow-like public which looked on glumly while, to them, yet another Asian crawl littered one of the main thoroughfares of our city.

NF members were invited to attend this event in a letter beginning "Dear Friends" . . . We were instructed from another quarter that no banners, placards, badges etc. were to be displayed and we were to maintain the lowest profile.

Our presence was meant to increase the sprinkling of White faces to make the show more palatable. We were, in short, being manipulated, as sometimes happens to dear friends.

Unwisely and perhaps wrongly we felt justified in exacting a small price for our pains. A few of us handed out our own pro-Palestinian literature to the vegetable life on the sidewalk.

TACTLESS?

Maybe it was tactless to exceed the terms of our invitation but the presence of so many conflicting and contradictory elements provided some excuse at least.

We apologise for allowing our enthusiasm for the Palestinian cause to outweigh discretion.

Having said that, our handout entitled *Victory to Palestine* is probably the best single printed propaganda item the PLO is likely to see in English, and we mean coherent English.

In contrast, we received various pamphlets which left us puzzled, partly on account of incoherence — one of them slammed Assad of Syria, the arch-enemy of Israel. Another pamphlet from the Labour Movement Campaign for Palestine abused Tory and Labour MPs alike for daring to speak at the rally or act as sponsors.

This abuse was in flagrant opposition to the PLO who organised the rally. It was all very confusing and we wondered who was really in charge, if anyone.

The procession was inevitably fouled by some shifty-eyed Reds which we soon found skulking at our heels. They had observed the nature of our handout and the Arafat, so to speak, was in the fire.

Without our mentioning unedifying details, Arab stewards soon politely asked us not to give out our leaflets and later we were asked to leave the procession. Both these requests inspired by Red malevolence were obeyed.

However, on a sidewalk one Red trouble-maker tried to seize our literature and received a blow in the face. The police intervened although no arrests occurred.

The almost total indifference on the sidewalk to the purpose of the march was depressing yet understandable.

Once in Whitehall, our eyes were grateful for the sight of a patch of green grass and the presence of a shining Lifeguard — the antithesis of everything we had just witnessed — was a reminder that London was still ours, if only just.

Our sympathies, as *Victory to Palestine* makes clear, still went out to the suffering Palestinian people whose cause we champion, like all causes where mainly hard-working peasants are despoiled by vultures.

HAVERS

From Page 1

for drunk-driving in Railton Road, Brixton. He told one of the arresting officers:

"You're finished! You're done, boy! I won't rest until I see you destroyed! Do you know how brilliant I am? You made a big mistake tonight! You go down Railton Road tomorrow and you're dead!"

Only a few weeks before his party which Havers attended Narayan declared a *"war of resistance against Police squatters"* at a meeting called by the police to calm tensions in riot-stricken Brixton.

As one of the Crown's principal Law Officers, Havers has an absolute duty to support the Police and avoid associations likely to undermine public confidence in his ability to perform his office impartially.

Havers has failed in this duty, and must resign!

RASTAFARIAN RAPISTS IN 'REIGN OF TERROR'

RAPES, violence, drug dealing, intimidation, social security frauds and 'Blues' parties were all part of the activities of a gang of Rastafarian monsters from Hackney, North London, whose leaders were jailed at the Old Bailey in August.

When sentencing Peter Hibbert, 22, to a double life sentence and Barrington Crossman, 24, to prison for life, Judge Jack Abdela, QC, said of their crimes: "In my experience these are about the most appalling series of rapes which could be committed by ordinary human beings."

This is a catalogue of their crimes:

RAPES: Hibbert raped three women a total of six times and Crossman raped four women a total of five times. **One girl who was four months pregnant lost her unborn child after they had both raped her,** while another – a 19 year old City broker – was dragged from her home and raped in their car. Amongst the other victims was a 15 year old virgin.

PREGNANT VICTIM

VIOLENCE: In all the attacks the victims were roughly treated, threatened with violence and knives were produced. They threatened to punch their pregnant victim in the stomach if she did not comply.

DRUG DEALING: The gang of Rastafarians to which the two rapists belonged often held all-night 'Blues' parties in derelict houses and stuck up posters around the neighbourhood to advertise them. **Both Hibbert and Crossman acted as disc jockeys on these occasions and drink and drugs were readily available at high prices to the people who crowded into them.** Neighbours were usually too afraid to complain about the blaring non-stop music and the parties often lasted all weekend.

INTIMIDATION: When police began investigating the rape attacks they came up against a wall of silence from the local Black community. Even some of the rape victims refused, through sheer terror, to attend court. The two six-foot and powerfully built rapists had other members of the gang threaten both victims and witnesses with knives to stop them giving evidence. **One 17 year old girl was forced to move 15 times to find protection after being raped 5 times.**

SOCIAL SECURITY FRAUDS: The two rapists lived on Social Security and had regular girlfriends which they deliberately made pregnant so they could get council flats where the men could stay.

Over the past eight years NF publications have told the truth about the horrors of Black crime. We have continually warned the British people that multi-racialism was not "enriching" our society but destroying it. The authorities have accused us of "stirring up racial hatred" and "scaremongering". NF journalists Martin Webster and Joe Pearce have been prosecuted under the Race Relations Act. Our paper-sellers are hounded on the streets by the police.

ALIEN HORRORS

In this case every aspect of the horrors of multi-racialism is encapsulated – the very horrors that we have been chastised by the Establishment for reporting!

In her summing up of the prosecution case, Miss Ann Curnow told the jury: ***"The way of life of these men is totally alien to British people."***

That is precisely the point!

RASTAS USE DOPE TO ESCAPE WHITE 'BABYLON'

GANGS of Rastafarians have become an increasingly common sight in inner-city areas during recent years.

By no means all Rastas emulate the violence of the Hackney rapists – but they *all* reject White society.

They compare their presence in Britain to the captivity of the Jews in Babylon in Biblical times. Their word for White civilisation is "Babylon".

Rastas regard smoking cannabis ("Ganja") as a "sacrament". In fact it is simply a sad form of temporary escape from "Babylon".

The fact that so many young Blacks *born in Britain* are turning to the cult is further proof that the concept of an "integrated multi-racial society" is absurd.

Rastafarianism teaches that the former Emperor of Ethiopia, Heile Selassie, is a God and that all Black people must return to Africa to find salvation.

The National Front is the only party in Britain which will help these unhappy people find their Promised Land.

PRINCE CHARLES SNUBS WHITE LONDONERS

CHILDREN of Waltham Forest, East London, were looking forward to a planned visit by the Prince and Princess of Wales on 24th November to the recently opened Nursery Observation and Assessment Centre at Whitefield School and the six month old Kelmscott High School.

For many of the children it would have been their first chance to catch a glimpse of Charles and Diana. There was even talk of them being given a day off school! Sadly, however, this visit is not to be. The reason is as follows:

"Prince Charles," it was explained, "is very keen on Community Relations and takes a keen interest in the Immigrant community." So when he was invited to open an Asian Centre in Orford Road, Walthamstow, on the same day, it was decided to add this to his list of engagements.

Later Charles and his advisors decided that the visit to Whitefield and Kelmscott schools would be dropped altogether. **"His Royal Highness," it was explained, had "expressed a particular interest in the Asian Centre project."**

ASIANS JUBILANT

Asians were said to be "jubilant", "excited", and "delighted" at the news. The Chairman of the Asian Centre Project Group said of the Royal visit: "It is the biggest and most exciting event in the history of Waltham Forest." The Chairman of Waltham Forest Council for Community Relations declared: "We were not expecting this at all. People are so happy – especially the women."

One group of people not delighted by the turn of events, however, were the White residents of Waltham Forest. They wrote angry letters to local papers. One resident pointed out: **"The expectant children of Whitefield and Kelmscott Schools have been totally ignored and pushed in the background in favour of the Asian community."**

Another wrote of her "disappointment" and "annoyance" at the cancellation of the visits. Many White people intend to boycott the Royal visit. Others talk of demonstrating outside the Asian Centre while Charles and Diana are inside watching a display of ethnic dancing and singing.

Somebody should ask Charles how many Asian street parties were held in Walthamstow to celebrate his mother's Jubilee or his marriage to Diana.

...AND NOT FOR THE FIRST TIME!

In 1977 Lewisham police smashed a gang of Blacks who specialised in mugging White women. Negro-Jew Marxist Kim Gordon *(left)* set up a muggers' "Defence Committee" and staged violent anti-police marches during which he showered Commander Douglas Randall *(centre)* with foul abuse. Prince Charles toured the borough escorted by Commander Randall and during this Charles stopped to have a sympathetic public chat with Gordon. This insulted the battered local White women and humiliated Commander Randall (look at his face!) who resigned shortly after.

PUSHY BLACKS DEMAND MORE AND MORE 'RIGHTS'

DESPITE the introduction of "positive discrimination" where the Government and local councils alike put Coloured Immigrants before British people in jobs, housing, education and welfare . . .

Despite the booming multi-million pound Race Relations industry introduced solely to look after the needs of Coloured Immigrants . . .

Despite the passing by Parliament of two Race Relations Acts designed to stifle any voice of protest from the British people against the swamping of their land by aliens . . .

Despite massive government and municipal aid to "their" areas and lavish funding of their "community" organisations . . .

. . . The Immigrant population is still not satisfied!

'BAN BOOKS'

Black headmaster Carlton Duncan of Wyke Manor Upper School in Bradford accused the British people of being "racist". He told the annual conference of the British Association for the Advancement of Science that British teachers in school were prejudiced against Black people. **He called for the banning of text books such as Hugh Trevor-Roper's *The Rise of Christian Europe* which denied there was any African history, and accused biology teachers of never illustrating points with Black people as examples.**

Asians in East London accused the British people of being "racist" and called for more 'rights' for their community. Chairman of the Asian Collective of East London, Bhajan Chatterjee, wants:

- More council jobs for Asians.
- Better council services for Asians.
- A bigger say in council decision making for Asians.

Unless these demands are met, his group – which he claims can mobilise "tens of thousands of Asians" from North-East London – will disrupt council meetings so that they could only be held with police protection.

Clifford Boam, the chief officer of the National Association of Community Relations Councils has also accused the British people of being "racist". He told a meeting in Nottingham: "The time has come for Whites to be confronted with their own racism and shown that the problem is not Blacks, is not racial disadvantage and is not immigration, but *White racism!"*

So now we have it. Despite being heavily pampered and corruptly financed, Coloured Immigrants are still whining about "White racism" and on top of that demanding more and more "rights"!

It won't be long before the liberal do-gooders and race-mixers in this country exhaust the ways in which they can pander to the Immigrants' demands.

As the riots in Bristol, Brixton, Toxteth and Southall showed us, when that time comes, Immigrant community "activists" will have no scruples in taking exactly what they want for themselves!

BACK TO THE JUNGLE!

NATIONAL Front founder A. K. Chesterton devoted the last years of his life to warning that Africa would go back to the jungle if White rule was terminated.

At the time his warnings were denounced as "racialism" – but now a report by the World Bank and the IMF has proved him right.

The report states: **"Despite an increasing flow of World Bank resources to sub-Saharan Africa, the development trend in the region is almost a nightmare.**

"The trends could lead to poverty of unimaginable dimensions and to increased crime rates and misery.

"The deterioration of the African economy in the 1970's has continued over the past three years. Growth rates, agricultural growth rates, exports and food imports give rise to extreme concern.

"Further financial help has been constrained by the limited credit-worthiness of most of the countries concerned. Economic stagnation affects the whole region."

PROTECTION RACKETEER VISITS BRIXTON

A BLACK American 'protection' racketeer toured Brixton in September with a full retinue of fawning pressmen and a squad of bodyguards provided by the Metropolitan Police!

The racketeer is "Reverend" Jesse Jackson, a contender for the Democratic Party nomination in the next US presidential elections. Jackson is boss of an American "civil rights" organisation called PUSH which raises millions of dollars by blackmailing White-owned businesses.

Jesse Jackson

Jackson has approached numerous large firms – especially fast-food chains and cola manufacturers – and told them: **"Unless you give us a big payoff so that we can fund our own business operations, then we will organise the Black population to boycott your products!"**

Threats of mob demonstrations outside and inside trade outlets of "racist companies" (i.e. companies which resist the demands) have also been implied by PUSH militants. Numerous big firms have given in to these threats and paid over vast sums at public ceremonies staged to prove just how anti-racist and pro-Black they are!

These payoffs are financed by price increases to the firms' customers – the majority of whom are White.

JEWS SUBJECT AUTHOR TO REVENGE FRENZY

TOTALLY EXPECTED – that's the only way to describe the persecution by Zionist-Jewry of *Tales of the Unexpected* author Roald Dahl and magazines 'guilty' of having published articles by him denouncing Israeli genocide in the Lebanon.

In our last issue we reported how the Defence Committee of the Board of Deputies of British Jews had failed to instigate a Race Act prosecution against Dahl.

WAR CRIMES

The JBD believed that his review of the book *God Cried* (which exposed Israeli war crimes in Beirut) first published in the *Literary Review* and re-published in *Time Out* constituted "incitement to racial hatred".

Frustrated at being unable to silence Dahl by means of a prosecution, Zionist-Jewry has now organised a frenzied revenge campaign against him and all of the publications which publish his work.

Not unexpectedly, Israel TV has announced that it will not now show the new series of his *Tales of the Unexpected* mystery films, even though they are devoid of political content.

Roald Dahl

Director General of the Israeli Broadcasting Authority stated: **"Israel TV does not want to pay royalties to a man who could make such anti-Jewish statements!"**

The left wing magazine *The New Statesman* carried a critical article about Dahl, but it was nonetheless flooded with angry and threatening letters from Jews. Analysis of those letters indicated that most of the letter-writers had not read the *New Statesman* article but had based their comments on a misleading account of it published in the *Jewish Chronicle!*

"POWER OF MONEY"

Particular Jewish ire has been directed against *Time Out* magazine for daring to re-print an edited version of Dahl's review of *God Cried* after the JBD had denounced it as "anti-semitic" when it first appeared in the *Literary Review.*

True to a long tradition of Zionist intimidation of the "free press", the *Jewish Chronicle's* media analyst Philip Kleinman advocated that Jewry should deploy its massive money-power to punish *Time Out* publisher Tony Elliott.

Kleinman raved: *"If Time Out can bash Israel, it may well be that some Jews might want to bash Time Out. It has a circulation of 65,000 and is heavily dependent on advertising, most of which could easily be placed elsewhere.*

"No law compels anyone to give financial support to a publication he does not want to see supported.

"Is it fair to mention the possibility that the power of money, which Elliott greatly respects, might be used against him?"

ACTIVITY!

AFTER the 1979 general election enemies of the party were given plenty of space and time in the media to announce that the National Front was 'dead'.

Our survival and their lies were proved by the party's magnificent effort in fielding 60 candidates at the last General Election.

Other activities over the two months have now rammed home this message.

There have been so many that there is not space for lengthy reports, instead we show a series of photo features of activities which include:

① The first march in Belfast ever held by the National Front.
② The third annual "Defend Rights For Whites" rally in Fulham.
③ The Annual General Meeting held in central London, attended by nearly 400 members.
④ The best ever NF Garden Party held in Kent.

ON THE MARCH

① FIFTY National Front members travelled from all over England to join over 400 local members and supporters to march right through the City centre of Belfast on Saturday 3rd September.

After the march a packed meeting was addressed by Martin Webster, NF National Activities Organiser, Ian Anderson, NF Deputy Chairman and Jim Morrison, NF Belfast Organiser.

This press cutting is just one example of the impact this march achieved in Northern Ireland. The CND march attracted about 50 supporters.

'DEFEND RIGHTS FOR WHITES' RALLY

② OVER 300 National Front members came from as far away as Leeds and Blackpool to attend the annual "Defend Rights for Whites" rally in Fulham on Sunday 28th August.

The rally is timed to coincide with the middle day of the Notting Hill Carnival where Blacks are given free rein to go on a spree of mugging and handbag snatching.

Speakers at the Fulham rally included Nick Griffin, NF Directorate member, Joe Pearce, Chairman of the YNF, Ian Anderson, NF Deputy Chairman, Martin Webster, NF National Activities Organiser and Andrew Brons, NF Chairman.

The proceedings were enlivened at one stage by a woman who asserted that the NF would never dare to march in Belfast. She was proved wrong exactly six days later!

£2,400 RAISED AT A.G.M.

③ NEARLY 400 National Front members attended the party's 1983 AGM. Coming from as far away as Belfast and Dundee they packed the main hall of the Royal Commonwealth Society in Westminster.

After reports from various officers of the party, constitutional resolutions were debated including one which introduces a single category of party membership instead of Associate or Full Membership. The main debates followed including resolutions on the House of Lords, Palestine, nuclear power, cruelty to animals and NF strategy.

The collection conducted by Martin Webster raised a staggering £2,399. The meeting concluded with a rousing speech by Andrew Brons, NF Chairman, who is seen on the AGM platform above. With him are *(from left to right)* Martin Webster, NF National Activities Organiser; Ian Anderson, NF Deputy Chairman; Philip Gegan, NF Legal Officer; (*Andrew Brons*); Graham Williamson, the AGM chairman; Joe Pearce, Chairman of the YNF; Blaise Wyndham, NF President; and Michael Salt, Administration Officer.

GARDEN PARTY

④ DESPITE the intermittent rain about 150 members and friends attended the annual NF Garden Party on Sunday 11th September.

This year the venue was moved from Carshalton, South London to a piece of land owned by an NF member near Swanley, Kent.

The weather cleared up somewhat in the afternoon enabling 'North London Skins' to win the tug of war contest.

The fastest pint competition was won by Eddie Butler.

The three games of 'British Bulldog' resulted in all participants becoming filthy and bruised but were voted great entertainment value by the spectators.

Side-shows included a roulette wheel, two shooting ranges, a bottle stall and a custard pie stall run by Croydon Branch (in which everyone became involved whether they wished to or not!). Brighton Branch kept everyone supplied with large quantities of charcoal-grilled hamburgers.

Particular thanks go to George of Sevenoaks for allowing us to use his land for this very enjoyable occasion.

Beryl Mitchell

WE regret to have to record the death of Mrs. Beryl Mitchell who died of cancer at her home in Oxted, Surrey in early September. Mrs. Mitchell had been a member of the National Front since 1968 making her one of the party's longest serving members.

She came to work at NF Head Office as Membership Secretary in 1976 at a time of serious internal difficulty for the party. Most members will remember her welcoming voice on the end of the telephone when they phoned Head Office.

Mrs. Mitchell served the party devotedly as Membership Secretary until 1981 when she was forced to leave for reasons of health.

In 1980 she became bitterly disillusioned with John Tyndall whom she had supported for so long. Despite this disappointment she remained totally loyal to the party.
